*How will you assure a naturist tomorrow?
By leaving a legacy today!
It's more than a donation.
It's your legacy.
Why participate?*

In one way or another your life is rooted in naturist experiences connecting you to the naturist community and The Naturist Society has been a large part of this. By leaving a legacy, you can assure that the traditions and institutions that mean so much to you today will exist for future generations.

By making a legacy commitment you can:

- Convey your commitment to naturism.
- Express values instilled in you by prior generations.
- Perpetuate the naturist traditions you cherish.
- Preserve the programs that support naturism.
- Maintain the publication of the *N* magazine.

By making your legacy commitment now, The Naturist Society Foundation can look forward to financial stability for generations to come.

Estate planning can be defined as caring for yourself and your assets while you are living, and providing for the transfer of assets to other persons and entities—both during your life and after.

While estate planning can entail some difficult choices, and it means confronting uncomfortable issues, it does provide a sense of relief and peace of mind when it is done. You'll know that you have done your best to plan and provide for yourself and for your loved ones, as well as the causes you've cared about during your lifetime. There is great satisfaction in knowing what your legacy on earth will be.
